

On December 5, 2015, at the Northwest Indiana DX Club's quarterly luncheon, Vicky Luetzelschwab – AE9YL will be making a presentation on her experiences as a YL operating DX from Syria as YK9A. She is also expected to talk about her operations from Market Reef (OJO) and the Cayman Islands (ZF). Traveling from her home in Fort Wayne, she will be accompanied her husband Carl – K9LA. Carl is the well-known writer of propagation articles for CQ Magazine, QST and other publications.

Given the political situation in Syria today it is very timely that we have Vicky to bring her experiences to us.

The presentation is expected to include many slides showing the operating conditions and how life is lived in Syria.

All amateur radio fans are invited. The program at NWIDX Club meetings is very informal with a "dutch treat" lunch (you order what you want and pay for what you order). If there is any club business to be transacted it is usually very brief lasting only a few minutes.

This is a great opportunity for all hams, whether a DX'er, Contester, Builder or 2 Meter Rag Chewer, to learn and be entertained by someone who has been "on another side" of our hobby. A side that few hams have an opportunity to participate in.

In addition to Vicky's presentation, we expect to have two ARRL Card checkers available to check and verify your QSL cards for various ARRL awards including DXCC and WAS.

The luncheon will be held at 12 Noon – Saturday, December 5, 2015 at the Viking Chile Bowl Restaurant, 105 E. Morthland Drive (US 30) in Valparaiso, IN.

Any non-club member that would like to come to the meeting, please email John at [w3ml@w3ml.com](mailto:w3ml@w3ml.com) so we can get a count of individuals coming.

Thanks and 73
